BREAK-THROUGH PRICE

Low-cost way to scan, copy, and communicate

Do you waste precious time trying to communicate the changes made to drawings and plans to your clients and colleagues? Do you want to reduce out-of-house scanning and copying costs but hesitate to invest in a pricey professional scanner? Now there's an easy and affordable way to scan, copy, and distribute wide-format documents, plans, drawings, and changes from wherever you work. Rugged and reliable, the Contex XD2490 24-inch sheet-feed wide-format scanner is easy to use and designed to fit the way you work - at a price you can afford. Now you can work more efficiently, while saving time and money.

Save time and money

Work faster and save money by scanning and copying wide-format drawings, plans, and technical documents right where you work. One-touch buttons make it easy to set-up, learn, and use. Rugged and light-weight (16 kg/35lbs.), this scanner is easy to move and fits on a desktop or table. Scan changes to drawings, documents, and blueprints and e-mail to clients and colleagues instantly.

Improve workflow and communicate effectively

Avoid delays and save on courier and out-of-house printing expenses. E-mail changes to plans and documents right from the scanner. This professional sheet-feed plug'n'play scanner fits with your existing tools, including Microsoft Office and most printers to keep your business running smoothly. Get precise, accurate images with high 1200 DPI optical resolution and save on file space with 8-bit panchromatic color capture – ideal for archiving many types of files.

Get more for your money

A robust, reliable scanner ensures uninterrupted operations and lower costs. Save on maintenance – no special tools required to operate or maintain the scanner. With the exception of the scratch-resistant scanning glass, there are no parts to break or replace. Automatic scanner maintenance system keeps scanner tuned and ready. It's built to last and designed for heavy use – producing at least 2 million scans.

Key Features

- High-speed, affordable scanning solution
- Ideal scanner for A1 or smaller documents and drawings – up to 24-inches wide.
- Works with your existing tools including Microsoft Office and most printers
- Scan-to-file, scan-to-print and scan-to-email
- Simple and powerful Nextimage software with clear controls
- 1200 dpi optical resolution for sharp, accurate images
- High accuracy provides distortion-free image capturing
- 48-bit color capture and 16-bit black/white capture brings out detail and depth in any drawing
- Scans and saves documents in many different file formats including TIF, JPG and PDF
- Compatible with different power sources and automatically switches when needed
- Face-up scanning – see what you are scanning and protect fragile documents

Scan and communicate with just a touch

Hi-speed scanning at more than 8 A1/D-size pages per minute
