The right tools to optimise your workflow

With the flexible Aficio™MP 2500/MP 2500LN/MP 2500SP you have all the tools at hand to efficiently handle your daily office tasks. Combining multiple functionalities to streamline your workflow, these devices offer exactly what you require to reach your goals.

High office productivity
Are you ready for a productivity boost? With a short warm-up time, the MP 2500/MP 2500LN/MP 2500SP are instantly available. At 25 pages per minute, your output is ready before you know it. You won’t waste time with continuous refills thanks to the standard 1,100-sheet paper capacity and the optional 500-sheet paper trays.

Professional paper handling
• Separate print and copy output with the optional one-bin tray.
• Easily copy and scan multi-page documents via the handy 50-sheet ARDF.
• Copy onto paper of up to 157 g/m² using the standard 100-sheet bypass tray.
• Choose from different stapling positions and automatically staple your documents with the optional 500-sheet finisher.
• No need to reduce large originals: copy or print (MP 2500LN/MP 2500SP) them directly onto A3.

Cost saving duplexing
Reduce your paper costs by creating duplex output at simplex speed. The standard duplex is even more productive when combined with the optional Automatic Reverse Document Feeder which facilitates feeding up to 50 originals, single- or double-sided.
High tech security (MP 2500SP)
Information security has become a priority for many organisations. Therefore, the Aficio™MP 2500 SP adequately safeguards access and protects your valuable information. The security measures include various types of authentication, data encryption and IP filtering.

Efficient distribution (MP 2500SP)
Distributing, organising and archiving your information is fast and easy thanks to the MP 2500SP’s scan capabilities. You can send scanned files by e-mail or transmit them directly to your PC, a dedicated network folder, an FTP server, etc.

Intelligent faxing*
- Deal swiftly with light to heavy fax traffic thanks to the 33.6 Kbps modem speed.
- Reduce the distribution of printed faxes by transmitting them via the local network or forwarding them to any e-mail address.
- Optimise your efficiency and forward faxes to a single person or an entire workgroup.
- Save time and provide better output quality at the receiving end by sending fax messages directly from your PC (LAN fax).

* Option for the MP 2500SP.

Compact and easy to use
Virtually maintenance free, the MP 2500/MP 2500LN/MP 2500SP are designed for maximum user friendliness. At the touch of a finger, the straightforward icon based operation panel guides you through any job. Paper and toner are replenished in no time thanks to the devices’ full front accessibility and easy handling paper trays.
